## REMARKS

The claims as amended herein are fully supported by the application as originally filed. No new matter has been added. Claims 26-27, and 32-34 are pending.

- 15 In the non-final office action of Paper No. 10, the Examiner set forth the following objections and rejections:

### Disclosure Objections

- 20 An objection was made to page 23, line 9, whereby the Examiner suggested that "PARG" should be "PARP". Applicants disagree and note that the reference to PARG inhibitors on page 23, line 9 refers to the "[s]everal PARG inhibitors" described on page 23, lines 5-6, as well as the other PARG inhibitors mentioned on pages 1-23.

Accordingly, Applicants request that the Examiner remove the stated objection.

Applicants have corrected the specification to remove the objection directed to page 101, line 12.
